Annex V: Mission and Values
(adopted by the EQAR General Assembly on 25 June 2008 in Sarajevo)

EQAR’s mission is to further the development of the European Higher Education Area by increasing transparency of quality assurance, and thus enhancing trust and confidence in European higher education.

EQAR seeks to provide clear reliable information on quality assurance provision in Europe, thus improving trust among agencies.

EQAR seeks to facilitate the mutual acceptance of quality assurance decisions and to improve trust among higher education institutions, thus promoting mobility and recognition.

EQAR seeks to reduce opportunities for “accreditation mills” to gain credibility in Europe, thus further enhancing the confidence of students, institutions, the labour market and society more generally in the quality of higher education provision in Europe.

To achieve its mission EQAR manages a register of quality assurance agencies operating in Europe that substantially comply with the European Standards and Guidelines for Quality Assurance (ESG).

EQAR recognises the diversity of approaches to external quality assurance and is therefore open to all agencies, whether operating at programme or institutional level, whether providing accreditation, evaluation or audit services.

EQAR is committed to the principle on which the ESG are based: external quality assurance should recognise the central responsibility of higher education institutions for quality development and should be carried out by independent quality assurance agencies in a transparent, objective and responsible manner, involving their stakeholders and leading to substantiated results based on well-defined procedures and criteria.

EQAR acts independently from other organisations and is committed to taking proportionate, consistent, fair and objective decisions.

EQAR will make transparent its mode of operation and its procedures while ensuring necessary confidentiality. EQAR is committed to continuously improving the quality of its work.
