

## Annex 1: Mission Statement

(from Strategic Plan 2013 – 2017, adopted by the EQAR General Assembly of 13/3/2013)

### I. Vision, Mission and Values

EQAR's vision is a coherent quality assurance framework for the European Higher Education Area (EHEA) in which higher education institutions have the freedom to turn to any EQAR-registered agency for their external quality assurance reviews, and in which qualifications are thus universally recognised.

#### Mission

EQAR's mission is to further the development of the European Higher Education Area by increasing the transparency of quality assurance, and thus enhancing trust and confidence in European higher education.

EQAR seeks to provide clear and reliable information on quality assurance provision in Europe, thus improving trust among agencies.

EQAR seeks to facilitate the mutual acceptance of quality assurance decisions and to improve trust among higher education institutions, thus promoting mobility and recognition.

EQAR seeks to reduce opportunities for "accreditation mills" to gain credibility in Europe, thus further enhancing the confidence of students, institutions, the labour market and society more generally in the quality of higher education provision in Europe.

To achieve its mission EQAR, through its independent Register Committee, manages a register of quality assurance agencies operating in Europe that substantially comply with the European Standards and Guidelines for Quality Assurance (ESG).

#### Values

EQAR recognises the diversity of approaches to external quality assurance and is therefore open to all agencies, whether operating at programme or institutional level, and whether providing accreditation, evaluation or audit services.

EQAR is committed to the principles on which the ESG are based: external quality assurance should recognise the central responsibility of higher education institutions for quality development and should be carried out by independent quality assurance agencies in a transparent, objective and responsible manner, involving their stakeholders and leading to substantiated results based on well-defined procedures and criteria.

EQAR acts independently from other organisations and is committed to taking proportionate, consistent, fair and objective decisions.

EQAR makes transparent its mode of operation and its procedures while ensuring necessary confidentiality. EQAR is committed to continuously improving the quality of its work.
