3. Public Transport

Prague has an extensive public transport network consisting of three metro lines, trams and buses. Short-term tickets (from 30 minutes to 3 days) can be purchased in yellow ticket vending machines at metro stations and some surface transit stops, inside every tram (only by contactless credit/debit card), in information centres at most of the metro stations, in newspaper shops or in the mobile application PID Lítačka.

When using public transport from the airport, the most popular option is to take bus no. 119 to its final destination - Nádraží Veveřská. From there you can take the green metro line to the city centre.

For the metro stop Národní třída, it is necessary to change the metro line at Můstek, or it is also possible to walk from Můstek. Both stops are in the city center not far from each other but it of course depends on the location of the hotel.

From the airport, it is best to buy the 90 minutes ticket for 40 CZK (<2 EUR).
