# EHEA Key Commitments

- 1) A Three-Cycle System compatible with the QF-EHEA and scaled by ECTS**
- 2) Compliance with the Lisbon Recognition Convention (LRC)**
- 3) Quality Assurance in conformity with European Standards and Guidelines (ESG)**

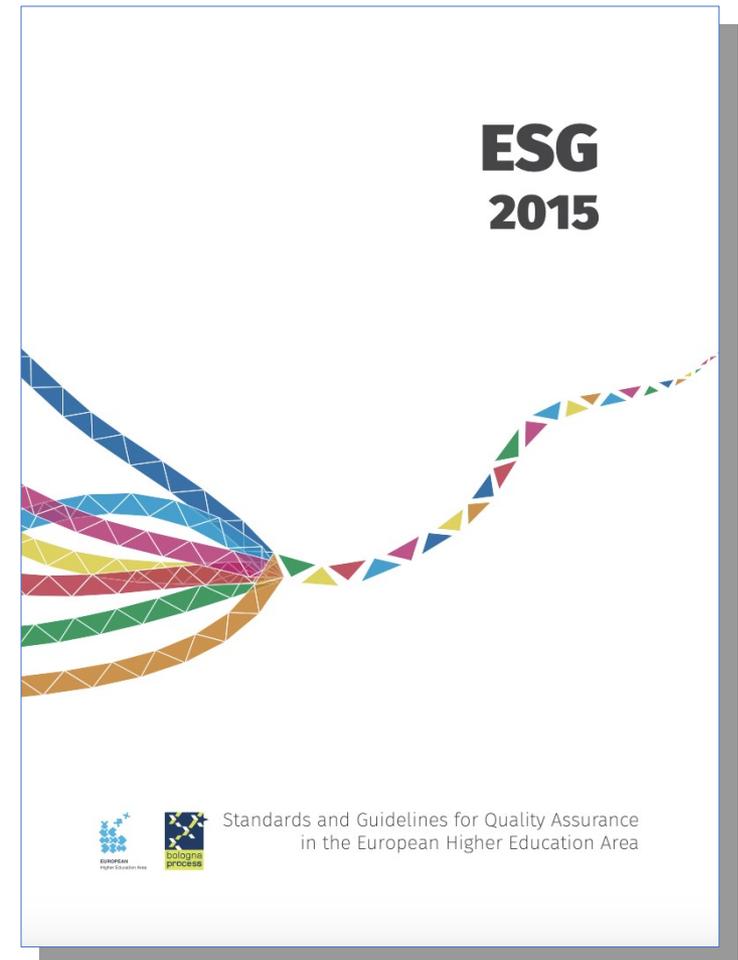

Institutions granting degrees assure the quality of their programmes leading to degrees within the three-cycle system following the European Standards and Guidelines (ESG 2015).

External quality assurance (be it at programme or institutional level) is performed by Agencies that have demonstrably complied with the standards and guidelines stipulated in the current ESG. This is best ensured where only those agencies registered on the European Quality Assurance Register for Higher Education (EQAR) are allowed to operate in the country.

# Standards and Guidelines for QA in the European Higher Education Area (ESG)

- Common framework for QA
- Developed by stakeholders and adopted by ministers responsible for higher education
- Initial version 2005, revision adopted in 2015, upcoming revision planned for 2027
- Three parts:
  - 1) Internal quality assurance
  - 2) External quality assurance
  - 3) Quality assurance agencies

# European Quality Assurance Register (EQAR)

## Mission:

Enhance transparency and trust, promote international recognition

## Role:

Official register of QA agencies that comply with the ESG

- Established by and for the European Higher Education Area (EHEA)
- Founded by the E4 organisations (ENQA, ESU, EUA, EURASHE), jointly governed with HE ministries
- Non-profit, independent and acting in the public interest

## Governance of the organisation

# EQAR Members

## **Founding Members:**

The E4 Group are the four organisations that founded EQAR, following the mandate given by European ministers of higher education (EUA, ESU, EURASHE and ENQA)

## **Social Partner Members:**

The consultative members of the Bologna Follow-Up Group (BFUG) that represent the interests of employers or employees. These are:

- BUSINESSEUROPE
- ETUCE / Education International

## **Governmental Members:**

All parties to the European Cultural Convention, signed in Paris on 19 December 1954, that are full members of the European Higher Education Area (EHEA), may become Governmental Members. (Currently 45 members – 43 countries)

# EQAR in EHEA

- Part of EHEA working structures as an independent institution as established by the EHEA (similar status as consultative members)
- Participation in BFUG working structures:
  - ESG Revision – Steering Committee
  - WG 1 on Monitoring
  - TPG B – Automatic Recognition
  - TPG C – QA
  - TF of establishing long term Secretariat
  - AG on the ESG Users' Guide Revision
- Contributing in further development through active participation various projects

## EQAR's activities

# 1. Registration and monitoring

**Initial application & review against ESG**

**Annual updates on activities**

**Substantive Change Reports**

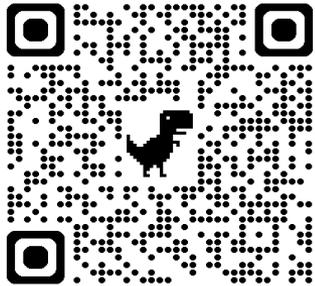

**Third-party complaints**

**Periodic renewal every 5 years**

## 2. DEQAR – “Quality at your fingertips”

<https://www.deqar.eu>

### **Database of External Quality Assurance Results (DEQAR)**

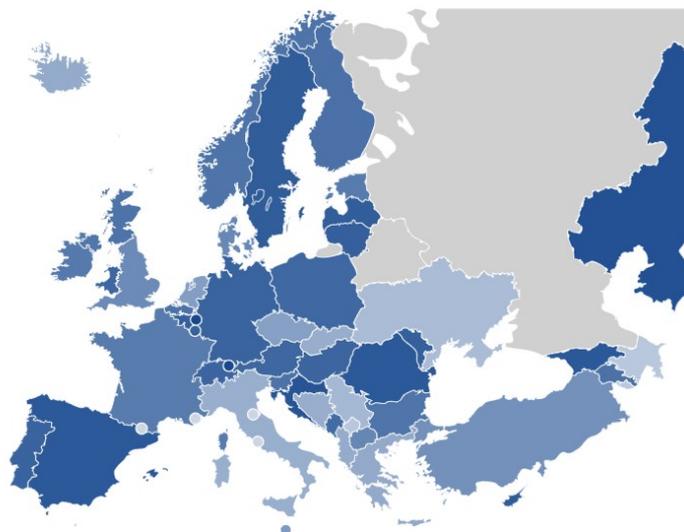

*Easy access to external quality assurance (QA) reports and decisions*

- Enhances **transparency and visibility** at the European level
- **Facilitates trust and automatic recognition**, based on robust QA in line with the ESG
- Responds to information needs of various stakeholders, in particular ENIC-NARICs and admission officers

# Steps of the Registration Process

## Register Committee (I)

- Independent body composed by individuals nominated by the non-governmental members of EQAR
- The Committee receives, evaluates and decides upon applications for inclusion on the Register or renewal of registration
- The Committee is responsible for adopting the Procedures for Applications in consultation with the General Assembly

# Register Committee (II)

- The work of the Committee is transparent and all decisions are being public on EQAR's website
- Tool for analysis of decisions
- **EQAR database of precedents**
  - Provides an overview of EQAR's past decisions and the grounds for them by standard
- Information provided on the Register
  - General information about the agency
  - Registration validity
  - RC decisions on the agency

## Policy on Use and Interpretation of the ESG

for the European Register of Quality Assurance Agencies

- General policy explaining how the RC has used and interpreted the ESG
- Clarify expectations and make precedents transparent
- Explain how Register Committee makes decisions
- Guidance re. activities and scope of the ESG
- Affirm: **standards** are normative, **guidelines** are not
- **Reports should at least address:** for all standards, aim to assist in drafting report and avoiding questions afterwards
- **Interpretations:** for standards where needed, address specific cases
- Addresses QA agencies seeking inclusion on the Register and all those involved in the external review of QA agencies.

# Registered agencies & evolution of applications

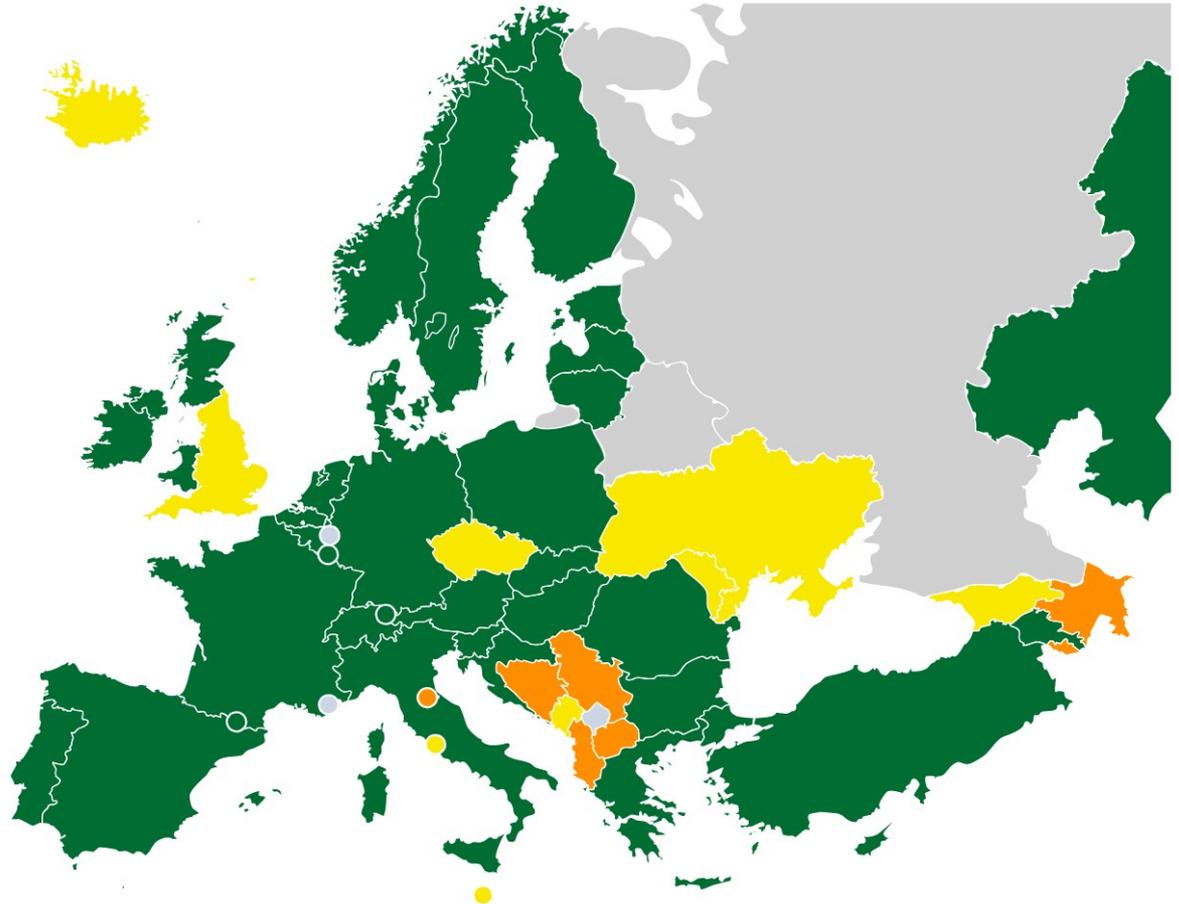

**82% approval rate** of which:

- Initial appl. 71%
- Renewal appl. 92%

Q&A

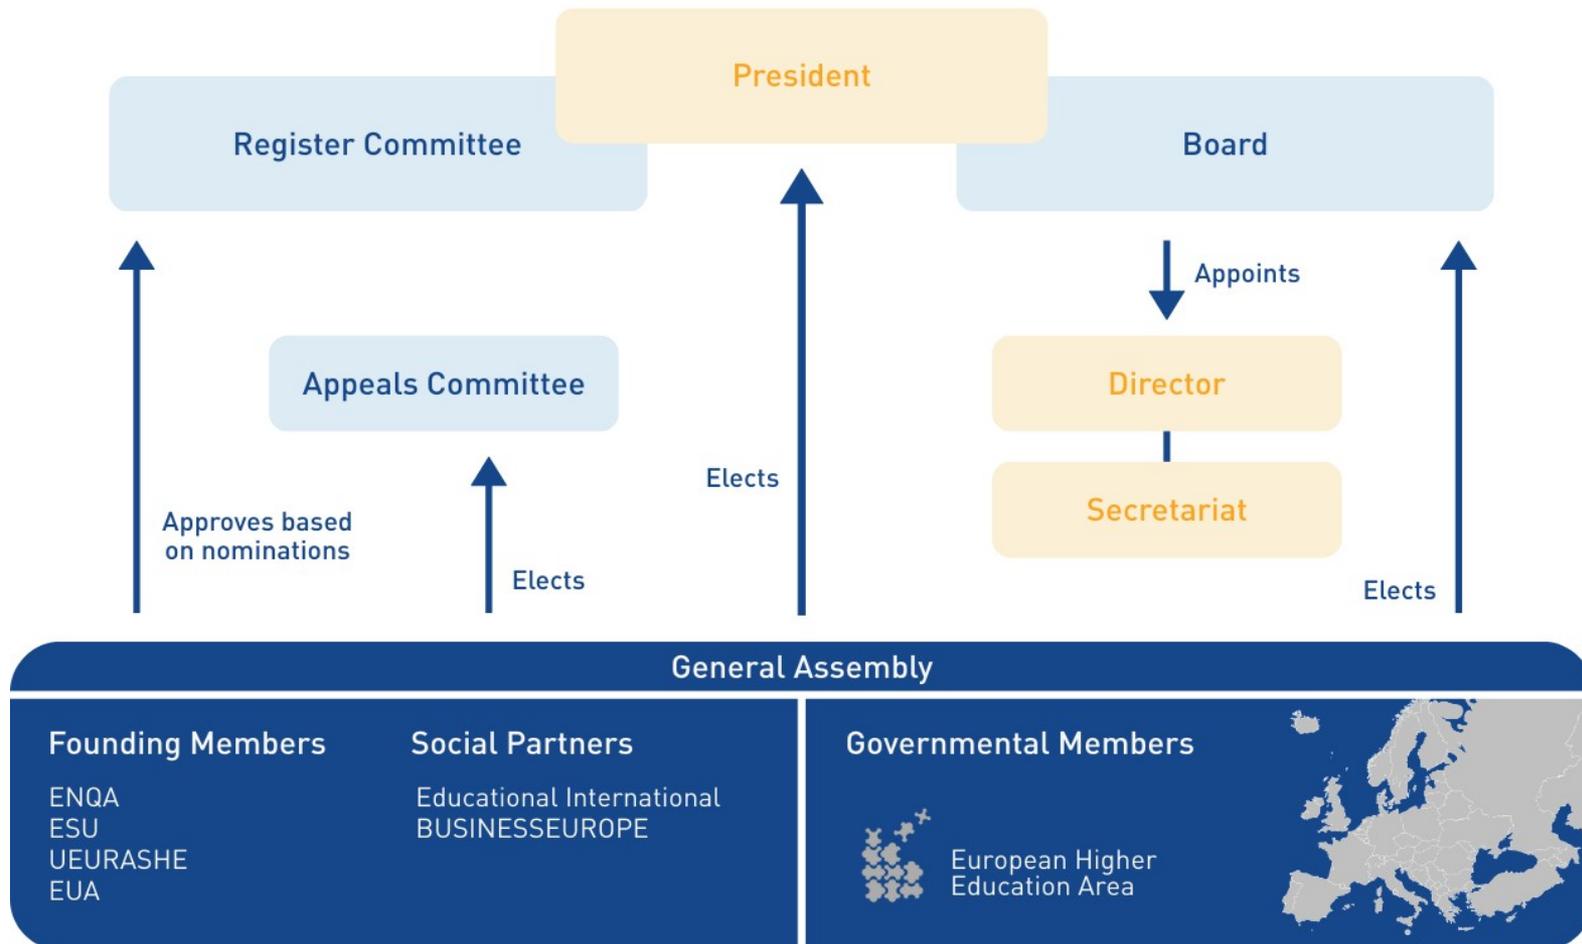

# EQAR Membership and Governance

# European Quality Assurance Register (EQAR)

# Governmental Membership

## Supporting the EHEA's common framework for QA

- Governmental membership in EQAR is an important opportunity to support the European Higher Education Area's (EHEA) common framework for quality assurance and to be in active dialogue on quality assurance with policy makers from across the EHEA. EQAR was founded as part of the Bologna Process to maintain the EHEA's official register of quality assurance agencies operating in substantial compliance with the ESG.
- Governmental Members are members of the EQAR General Assembly. The General Assembly is EQAR's supreme decision-making body and responsible for the overall governance of EQAR.
- Governmental members can also participate actively in EQAR through the Members' Dialogue. The EQAR Members' Dialogue is the only regular event specifically for EHEA governments to discuss current policy developments and exchange with peers on issues related to quality assurance.
- Governmental members can become observers to the Board and/or to the Register Committee and thus follow-up closely the proceedings of both bodies.
